

The Balochistan University of Information Technology, Engineering and Management Sciences Faculty of Management Sciences Prospectus for 2017 outlines a quality policy statement where the university contributes to defining standards and systems for the uplift of the socio-economic order through quality education and services by providing an environment conducive to learning, teaching, academic inquiry, and innovation. The institution pursues continuous improvement through creativity, teamwork, and adaptation to change while playing a catalytic role in achieving national, regional, and global harmony. It maintains academic excellence and professionalism while adhering to established systems for ensuring good governance for management and the transfer of knowledge. Furthermore, the university benchmarks with other leading institutions of higher education for improvement and enhances efficient and effective operations by encouraging the participation of stakeholders.

Quetta is located in north-western Balochistan near the Pakistan-Afghanistan border and covers an area of 2,653 square kilometers. As the provincial capital and the ninth largest city in Pakistan, it is known as the fruit basket of Pakistan and was historically referred to as Little Paris due to its beauty and location in a valley surrounded by the Chiltan, Takatu, Murdar, and Zarghon mountains. Notable landmarks and tourist spots include Hanna Lake, a turquoise body of water ten kilometers east of the city that offers boat hire and a restaurant, and Hazarganji Chiltan National Park, a protected area 20 km south-west of Quetta where legend says historical armies left over a thousand buried treasures. Other spots include the Pir Ghaib waterfall in the Bolan valley, the Kharkhasa valley west of the city, and excursions to Kirani, Ziarat with its large juniper forest, Urak Valley, Har-bohi, and Pishin. Cultural attractions include the Quetta Geological Museum, the Command and Staff College Museum housed in Field Marshal Bernard Montgomery's former bungalow, the Quetta Archaeological Museum featuring Mehrgarh articles and pre-1935 earthquake photos, and the Balochistan Arts Council Library.

Vice Chancellor Ahmed Farooq Bazai states in his foreword that Pakistan's geographical position offers immense potential for economic development, which requires trained and competent human resources. He notes that the Faculty of Management Sciences has served these needs since September 2002 as a pioneer faculty producing knowledgeable graduates. Dean Dr. Abdul Salam Lodhi adds that the faculty offers quality education in all major areas of management sciences to produce successful managers and leaders. BUIEMS is defined by quality and rigour in education and research. Key institutional metrics include organizing over 100 open days annually, providing financial assistance to one out of every three students, achieving an 80% job placement ratio within the first year of graduation, and holding membership in six international networks. The university is fully accredited by the National Business Education Accreditation Council and was recognized by The Express Tribune in 2015 as a world-class university.

The institutional vision is committed to providing quality education with a focus on research to equip students for the socio-economic uplift of Pakistan and Balochistan. Academic excellence rests on the pillars of students, faculty, curricula, the learning environment, and civil society. The Faculty of Management Sciences consists of the Department of Management Sciences and the Department of Economics. Ideal applicants are expected to show strong academic potential, a genuine interest in their field, and self-motivation. The admission process involves choosing a major, applying via the online portal or in person with documentation and a fee receipt, taking

the NTS admission test, and reviewing the merit lists,. Merit is calculated based on 20% for matriculation, 50% for intermediate, and 30% for the NTS test score. Mandatory documents include attested copies of school certificates, CNIC or B-Form, local or domicile certificates, fee receipts, six photographs, father's CNIC, and a character certificate. The non-refundable processing fee is Rs. 2,500 for national applicants and US \$75 for foreign applicants, payable to the Registrar or via Habib Bank Limited.

Academic programs include 4-year BS degrees lasting 8 semesters, with each semester spanning 18 weeks. MS programs have a minimum duration of 1.5 years and PhD programs 3 years. While changing academic tracks is discouraged, it may be authorized within the first two weeks of the first semester under certain merit conditions. Students face probation if their CGPA falls between 1.0 and 2.0, and failing to reach a 2.0 CGPA by the last probation leads to dismissal,. Financial assistance options include merit scholarships, work-study programs, fee concessions for needy students, sibling discounts, and USAID grants. Graduation requires a minimum 2.0 CGPA for undergraduate programs and 2.5 for MBA and MS tracks. Students can freeze up to two semesters after the first semester,. Standard course loads are 15 to 18 credit hours per semester. Teaching methods include lectures using digital multimedia, supervisions with specialists, study tours, and a compulsory independent research thesis,. Additional support includes peer mentoring and a dedicated internship office.

Campus facilities include the FMS Library open from 9:00 a.m. to 9:00 p.m. with over 2,000 reference works, three computer laboratories with 60 computers, audio-visual facilities, a counseling service unit, and an R&D Centre for training and consultancy. Student life is enriched by over 20 clubs, publications like the university newsletter and Markhor magazine, and community service through Free Citizen Schools for child laborers. Sports infrastructure includes the annual Olympiad festival, a multi-purpose Sports Complex, a fitness center, a professional cricket stadium, and a football stadium. The campus is located 3 km from Quetta International Airport near the RCD highway and features several dining units like Road Stoves and Life Café.

The Department of Management Sciences offers several undergraduate programs including a 135-credit hour BS in Business Administration, a 132-credit hour BS in Public Administration, and a 138-credit hour BS in Commerce, all requiring an intermediate qualification and an aptitude test for entry,. The curricula for these programs cover foundational courses in accounting, English, IT, and management in the early semesters, moving toward specialized electives and research projects in the final year,,,. MBA programs include a 3.5-year Banking and Finance track, a 2-year program for non-business graduates, and a 36-credit hour track for those with a BSBA,. Specialization tracks are available in Marketing, Finance, Human Resource Management, and Entrepreneurship,. The MS in Management and MS in Economics are 2-year programs requiring 16 years of prior education and specific GAT or GRE scores for admission, focused on core modules and a research thesis,. The BS in Economics is a 4-year, 132-credit hour program covering microeconomics, macroeconomics, and econometrics,.

The faculty includes a diverse group of professionals such as Dean Dr. Abdul Salam Lodhi, Dr. Tariq Ahmed, Dr. Noor Muhammad, and S.M. Nabeel Ul Haque, along with numerous associate professors, assistant professors, and lecturers specializing in areas like labor economics, entrepreneurship, finance, and human resource management,,,,,. Student support structures

involve departmental focal persons for technical system concerns, conveners for batch coordination, the chairperson's office for administrative queries, the faculty coordinator for student affairs, and the dean's office for strategic issues. Strategic partnerships include the Microsoft DreamSpark network, and the university provides various financial aid portfolios and career unit services. The Office of Research, Innovation, and Commercialization motivates research, while the BUIITEMS Business Incubation and Entrepreneurship Center assists in creating sustainable startups. Travel to the campus is accessible via national highways from Karachi, Lahore, Islamabad, and Peshawar, as well as through the railway network and air travel,. The prospectus was produced by an editorial committee including Musarrat Karamat, Sania Haq Khoso, and Nazan Habib, with the university reserving the right to alter fees or programs as needed,.
